AT&T and Time Warner Merger Agreement

On October 22, 2016, Time Warner entered into an Agreement and Plan of Merger (the “Merger Agreement”) with AT&T Inc. (“AT&T”), pursuant to which Time Warner will combine with AT&T in a stock-and-cash transaction (the “Merger”). The Merger Agreement has been approved unanimously by the boards of directors of both companies. Subject to the conditions in the Merger Agreement, upon consummation of the Merger, Time Warner’s stockholders will receive per share consideration consisting of \$53.75 in cash and a specified number of shares of AT&T stock, as set forth in the Merger Agreement and determined by reference to the average of the volume weighted averages of the trading price of AT&T common stock on the New York Stock Exchange (“NYSE”), on each of the 15 consecutive NYSE trading days ending on and including the trading day that is three trading days prior to the closing of the Merger (the “Average Stock Price”). The stock portion of the per share consideration will be subject to a collar such that if the Average Stock Price is between \$37.411 and \$41.349, Time Warner stockholders will receive shares of AT&T stock equal to \$53.75 in value. If the Average Stock Price is below \$37.411, Time Warner’s stockholders will receive 1.437 AT&T shares. If the Average Stock Price is above \$41.349, Time Warner stockholders will receive 1.300 AT&T shares. The Merger is subject to approval by Time Warner stockholders and the receipt of certain antitrust and other required

[Table of Contents](#)

regulatory consents. The Merger is expected to close before year-end 2017. Should Time Warner terminate the Merger Agreement in specified circumstances, including in order to consummate a competing transaction, Time Warner will be required to pay AT&T a termination fee equal to \$1.725 billion.

We cannot assure you that the Merger will be completed on the terms described in this prospectus supplement or the documents incorporated by reference herein, or at all. The closing of this

offering is not conditioned on the consummation of the Merger. Accordingly, the notes sold in this offering will remain outstanding, even if the Merger does not occur, and we will not have any obligation to offer to repurchase any or all of the notes sold in this offering.

For additional and more detailed information regarding the Merger and the risks relating thereto, please see our Current Report on Form 8-K relating to the Merger filed with the SEC on October 24, 2016 and the exhibits filed therewith, and the discussion under the caption “Risk Factors” included in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2016, filed with the SEC on November 2, 2016, both of which are incorporated by reference herein. See “Incorporation by Reference.” Additionally, more information regarding the Merger is available in the Registration Statement on Form S-4 filed by AT&T with the SEC on November 18, 2016.

RISK FACTORS

Investing in the notes involves risks. Before purchasing any notes, you should carefully consider the specific factors discussed below, together with all the other information contained in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein or therein. For a further discussion of the risks, uncertainties and assumptions relating to our business, please see the discussion under the caption “Risk Factors” included in our Annual Report on Form 10-K for the year ended December 31, 2015 and our Quarterly Report on Form 10-Q for the quarter ended September 30, 2016, as updated by annual, quarterly and other reports and documents we file with the SEC that are incorporated by reference into this prospectus supplement and the accompanying prospectus.

Risks Related to the Notes

An increase in interest rates could result in a decrease in the relative value of the notes.

In general, as market interest rates rise, securities bearing interest at a fixed rate generally decline in value because the premium, if any, over market interest rates will decline. Consequently, if you

purchase these notes and market interest rates increase, the market value of your notes may decline. We cannot predict the future level of market interest rates.

Ratings of the notes may not reflect all risks of an investment in the notes.

We expect that the notes will be rated by at least one nationally recognized statistical rating organization. The ratings of the notes will primarily reflect our financial strength and will change in accordance with the rating of our financial strength. A debt rating is not a recommendation to purchase, sell or hold the notes. These ratings do not correspond to suitability for a particular investor. Additionally, ratings may be lowered or withdrawn in their entirety at any time.

The notes do not restrict our ability to incur additional debt or prohibit us from taking other actions that could negatively impact holders of the notes.

We are not restricted under the terms of the indenture governing the notes from incurring additional indebtedness. The terms of the indenture limit our ability to secure additional debt without also securing the notes at least equally and ratably. However, these limitations are subject to numerous exceptions. See “Description of the Debt Securities and the Guarantees” in the accompanying prospectus. In addition, the notes do not require us to achieve or maintain any minimum financial ratios. Our ability to recapitalize, incur additional debt, secure existing or future debt or take a number of other actions that are not limited by the terms of the indenture, including repurchasing other debt securities or common shares or preferred shares, if any, redeeming other debt securities or paying dividends, could have the effect of diminishing our ability to make payments on the notes when due.

Our financial performance and other factors could adversely impact our ability to make payments on the notes.

Our ability to make scheduled payments with respect to our indebtedness, including the notes, will depend on our financial and operating performance, which, in turn, is subject to prevailing economic conditions and to financial, business and other factors beyond our control.

We may redeem the notes at our option, which may adversely affect your return.

As described under “Description of the Notes — Optional Redemption” in this prospectus supplement, we have the right to redeem the notes at our option, in whole or in part, from time to time. We may choose to exercise this redemption right when prevailing interest rates are relatively low. As a result, you may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the notes.

[Table of Contents](#)

The notes will be unsecured and therefore will effectively be subordinated to any of our secured debt.

The notes will not be secured by any of our assets or those of our subsidiaries. As a result, the notes will be effectively subordinated to any secured debt we may incur. In any liquidation, dissolution, bankruptcy or other similar proceeding, the holders of our secured debt may assert rights against the secured assets in order to receive full payment of their debt before the assets may be used to pay the holders of the notes. As of September 30, 2016, we had no senior secured debt outstanding.

The notes are effectively subordinated to the liabilities of our non-guarantor subsidiaries.

The notes will be effectively subordinated to all existing and future indebtedness and other liabilities of our non-guarantor subsidiaries. In the event of a bankruptcy, liquidation or similar proceeding with respect to a non-guarantor subsidiary, following payment by the subsidiary of its liabilities, the subsidiary may not have sufficient assets to make payments to us. As of September 30, 2016, our non-guarantor subsidiaries had approximately \$10 million of outstanding indebtedness, including capital lease obligations.

An active trading market may not develop for the notes, which could adversely affect the price of the notes in the secondary market and your ability to resell the notes should you desire to do so.

The notes are a new issue of securities and there is no established trading market for the notes. We do not intend to apply to list the notes for trading on any securities exchange or to arrange for quotation on any automated dealer quotation system.

As a result of this and the other factors listed below, an active trading market for the notes may not develop, in which case the market price and liquidity of the notes may be adversely affected.

In addition, you may not be able to sell your notes at a particular time or at a price favorable to you. Future trading prices of the notes will depend on many factors, including:

- our operating performance and financial condition;
- our prospects or the prospects for companies in our industries generally;
- the interest of securities dealers in making a market in the notes;
- the market for similar securities;

- prevailing interest rates; and
- the risk factors described in our Annual Report on Form 10-K for the year ended December 31, 2015 and in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2016.

We have been advised by the underwriters that they intend to make a market for the notes, but they have no obligation to do so and may discontinue market-making at any time in their sole discretion without providing any notice.

There are no commitments in the Merger Agreement with AT&T to guarantee or cause to remain outstanding any of our outstanding debt securities, including the notes.

If the Merger is consummated, we will become a wholly-owned subsidiary of AT&T. While AT&T may elect to provide a guarantee of any or all of our outstanding debt securities (including the notes), and we may elect to provide a guarantee of any or all of AT&T's outstanding debt securities, there is no legal, regulatory, contractual or other obligation to do so. We also cannot assure you that the notes or our other outstanding debt securities will remain outstanding after the Merger is consummated.

RATIO OF EARNINGS TO FIXED CHARGES

The ratio of earnings to fixed charges for Time Warner is set forth below for the periods indicated. Because there are no shares of preferred stock outstanding as of the date of this prospectus supplement, no ratio of earnings to fixed charges and preferred dividends is presented.

(a) earnings were calculated by

(1) adding:

(i) pretax income (loss) from continuing operations,

(ii) adjustments for equity earnings or losses of investee companies that are 50% or less

owned on a voting basis, net of cash distributions, and

(iii) fixed charges,

(2) and subtracting:

(i) capitalized interest,

(b) fixed charges consist of interest expense, capitalized interest and portions of rents representative of an interest factor from both continuing and discontinued operations.

The ratio of earnings to fixed charges is earnings (as defined in (a) above) divided by fixed charges (as defined in (b) above).

DESCRIPTION OF THE NOTES

We will issue the notes under the indenture referred to in the accompanying prospectus. The following description of the notes offered hereby and the related guarantees supplements the description of the general terms and provisions of the debt securities and related guarantees set forth under “Description of the Debt Securities and the Guarantees” beginning on page 6 in the accompanying prospectus. This description replaces the description of the debt securities and related guarantees in the accompanying prospectus, to the extent of any inconsistency.

Principal Amount; Maturity and Interest

We will issue in this offering \$1,500,000,000 in aggregate principal amount of our 3.80% Notes due 2027. The notes will mature on February 15, 2027. The notes will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

We will pay interest on the notes at the rate of 3.80% per year, semi-annually in arrears on February 15 and August 15 of each year, beginning on August 15, 2017, to holders of record on the preceding February 1 and August 1, respectively.

If interest or principal on the notes is payable on a Saturday, Sunday or any other day when banks are not open for business in the City of New York, we will make the payment on the next business day, and no interest will accrue as a result of the delay in payment. Interest on the notes will accrue from December 8, 2016, and will accrue on the basis of a 360-day year consisting of twelve 30-day months.

In addition, we have the ability under the indenture to reopen the series of notes offered hereby and issue additional notes as part of such series. The series of notes and any such additional notes issued as part of such series will be treated as a single series for all purposes under the indenture, including waivers, amendments and redemptions, and any additional notes issued as part of the same series of notes offered hereby will be fungible with such series of notes for United States Federal income tax purposes or will be issued under a separate CUSIP number.

Additional Information

See “Description of the Debt Securities and the Guarantees” in the accompanying prospectus for additional important information about, and applicable to, the notes and related guarantees. That information includes:

- additional information about the terms of the notes and related guarantees;
- general information about the indenture and the trustee;
- a description of certain covenants under the indenture; and

- a description of events of default under the indenture.

Guarantees

Historic TW, as primary obligor and not merely as surety, will fully, irrevocably and unconditionally guarantee to each holder of the notes and to the trustee and its successors and assigns (1) the full and punctual payment of principal and interest on the notes when due, whether at maturity, by acceleration, by redemption or otherwise, and all other monetary obligations of ours under the indenture (including obligations to the trustee) and the notes and (2) the full and punctual performance within applicable grace periods of all other obligations of ours under the indenture and the notes. Such guarantees will constitute guarantees of payment, performance and compliance and not merely of collection. Additionally, HBO and TBS will fully, irrevocably and unconditionally guarantee Historic TW's guarantee of the notes under substantially the same terms as Historic TW's guarantee of the notes.

We describe the terms of the guarantees in more detail under the heading “Description of the Debt Securities and the Guarantees — Guarantees” in the accompanying prospectus.

At September 30, 2016, the aggregate principal amount of outstanding public debt securities of Time Warner and its subsidiaries was \$24.467 billion. The following is a summary of the existing indebtedness (including capital lease obligations) of Time Warner, the Guarantors and other subsidiaries of Time Warner, including the outstanding debt at Time Warner and the Guarantors, the revolving credit facilities at Time Warner and the commercial paper program of Time Warner. Please see the information incorporated herein by reference for a further description of this indebtedness as well as our and our subsidiaries' other indebtedness.

Time Warner

At September 30, 2016, the aggregate principal amount of outstanding public debt securities issued by Time Warner was \$20.586 billion. Time Warner also has senior unsecured revolving credit facilities consisting of two \$2.5 billion revolving credit facilities, each with a maturity date of December 18, 2020. At September 30, 2016, there were no borrowings outstanding, and there was less than \$1.0 million in outstanding face amount of letters of credit issued, under the revolving credit

facilities. Time Warner also has a \$5.0 billion commercial paper program. Commercial paper issued by Time Warner under the program is supported by unsecured committed capacity under the revolving credit facilities. At September 30, 2016, no commercial paper was outstanding under the commercial paper program. Time Warner also has \$169 million of senior unsecured debt consisting of a loan with a maturity date of November 7, 2018 and a promissory note related to an acquisition by a former subsidiary with a maturity date of December 31, 2017.

Guarantors

At September 30, 2016, the aggregate principal amount of outstanding public debt securities issued or assumed by Historic TW was \$3.881 billion. HBO and TBS do not have any outstanding public debt securities. At September 30, 2016, Historic TW was the primary obligor or guarantor of \$24.467 billion of outstanding indebtedness (representing all of the public debt securities of Time Warner and its subsidiaries), HBO was a primary obligor or guarantor of \$23.491 billion of outstanding indebtedness (which includes \$23.467 billion of the \$24.467 billion of public debt securities issued by Time Warner and its subsidiaries) and TBS was the primary obligor or guarantor of \$24.496 billion of outstanding indebtedness (which includes the \$24.467 billion of public debt securities issued by Time Warner and its subsidiaries).

Other

At September 30, 2016, the aggregate principal amount of existing indebtedness (including capital lease obligations) of subsidiaries other than the Guarantors was \$10 million.

Release of Guarantors

The indenture for the notes provides that any Guarantor may be automatically released from its obligations if such Guarantor has no outstanding Indebtedness For Borrowed Money (as defined in the accompanying prospectus), other than any other guarantee of Indebtedness For Borrowed Money that will be released concurrently with the release of such guarantee. However, there is no covenant in the indenture that would prohibit any such Guarantor from incurring Indebtedness For Borrowed Money after the date such Guarantor is released from its guarantee. In addition, although the indenture for the notes limits the overall amount of secured Indebtedness For Borrowed Money that can be incurred by Time Warner and its subsidiaries without also securing the notes at least equally and ratably, it does not limit the amount of unsecured indebtedness that can be incurred by Time Warner and its subsidiaries. Thus, there is no limitation on the amount of indebtedness that could be structurally senior to the notes. See “Description of the Debt Securities and the Guarantees —Guarantees” in the accompanying prospectus.

Ranking

The notes offered hereby will be our senior unsecured obligations, and will rank equally with our other senior unsecured obligations. The guarantees of the notes will be senior unsecured obligations of Historic TW, HBO and TBS, as applicable, and will rank equally with all other senior unsecured obligations of Historic TW, HBO and TBS, respectively.

Each of Time Warner, Historic TW, HBO and TBS is a holding company for other non-guarantor subsidiaries, and therefore the notes and the guarantees of the notes will be effectively subordinated to all existing and future liabilities, including indebtedness, of such non-guarantor subsidiaries. Such non-guarantor subsidiaries include Warner Bros. Entertainment Inc. Furthermore, the ability of each of Time Warner, Historic TW and, to a certain extent, HBO and TBS, to service its indebtedness and other obligations depends on the earnings and cash flow of their respective subsidiaries and the distribution or other payment to them of such earnings or cash flow.

Optional Redemption

We may redeem at any time or from time to time, in whole or in part, at our option, the notes prior to November 15, 2026 (the date that is three months prior to the maturity date of the notes) on at least 15 days, but not more than 45 days, prior notice mailed to each holder of such notes to be redeemed, at a redemption price equal to the greater of:

- 100% of the principal amount of the notes to be redeemed, and
- the sum of the present values of the Remaining Scheduled Payments, as defined in the accompanying prospectus, discounted to the redemption date, on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, as defined in the accompanying prospectus, plus 25 basis points;

plus accrued and unpaid interest to, but not including, the date of redemption.

If the notes are redeemed on or after November 15, 2026 (the date that is three months prior to their maturity date), such notes will be redeemed at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus accrued and unpaid interest to, but not including, the date of redemption.

No Mandatory Redemption or Sinking Fund

There will be no mandatory redemption prior to maturity or sinking fund payment for the notes.

Additional Debt

The indenture does not limit the amount of debt that we may issue under the indenture or otherwise.

Book-Entry, Delivery and Settlement

Global Notes

We will issue the notes in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of The Depository Trust Company (“DTC”) and registered in the name of Cede& Co., as nominee of DTC, or will remain in the custody of the trustee in accordance with the FAST Balance Certificate Agreement between DTC and the trustee.

DTC, Clearstream and Euroclear

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may hold

S-11

[Table of Contents](#)

interests in the global notes through either DTC (in the United States), Clearstream Banking, *société anonyme*, Luxembourg (“Clearstream”), or Euroclear Bank S.A./N.V., as operator of the Euroclear System (“Euroclear”) in Europe, either directly if they are participants of such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in Clearstream’s and Euroclear’s names on the books of their U.S. depositaries, which in turn will hold such interests in customers’ securities accounts in the U.S. depositaries’ names on the books of DTC. The Bank of New York Mellon will act as the U.S. depository for Clearstream and Euroclear.

DTC has advised us as follows:

- DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered under Section 17A of the Exchange Act.

- DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates.
- Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations.
- DTC is owned by a number of its direct participants and by the New York Stock Exchange LLC and the Financial Industry Regulatory Authority, Inc.
- Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly.
- The rules applicable to DTC and its direct and indirect participants are on file with the SEC.

Clearstream has advised us that it is a limited liability company organized under Luxembourg law. Clearstream holds securities for its participating organizations and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. Clearstream is registered as a bank in Luxembourg, and as such is subject to regulation by the Luxembourg Commission de Surveillance du Secteur Financier. Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is available to other institutions that clear through or maintain a custodial relationship with a Clearstream participant.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries.

Euroclear is operated by Euroclear Bank S.A./N.V. (the “Euroclear Operator”), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the “Cooperative”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear

S-12

[Table of Contents](#)

on behalf of Euroclear participants. Euroclear participants include banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the Belgian Banking and Finance Commission.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of our company, Historic TW, HBO, TBS, the underwriters or the trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

We expect that under procedures established by DTC:

- upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of direct participants designated by the underwriters with portions of the principal amounts of the global notes; and
- ownership of the notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC or its nominee, with respect to interests of direct participants, and the records of direct and indirect participants, with respect to interests of persons other than participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the notes represented by global notes to those persons may be limited. In addition, because DTC can act only on behalf of its

participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in the notes represented by global notes to pledge or transfer those interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of the global notes, DTC or that nominee will be considered the sole owner or holder of the notes represented by the global notes for all purposes under the indenture and under the notes. Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered the owners or holders thereof under the indenture or under the notes for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of notes under the indenture or a global note.

None of our company, Historic TW, HBO, TBS or the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of the notes by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the notes.

Payments on the notes represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the notes represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants

[Table of Contents](#)

will be governed by standing instructions and customary practice as is now the case with notes held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Distributions on the notes held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the “Terms and Conditions”). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding securities through Euroclear participants. Under Belgian law, the Euroclear Operator is required to pass on the benefits of ownership in any interests in securities on deposit with it, such as dividends, voting rights and other entitlements, to any person credited with such interests in securities on its records.

Distributions on the notes held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

Clearance and Settlement Procedures

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository to take action to effect final settlement on its behalf by delivering or receiving the notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositories.

Because of time-zone differences, credits of the notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement

processing and dated the business day following the DTC settlement date. Such credits or any transactions in the notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of the notes by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

S-14

[Table of Contents](#)

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

Certificated Notes

We will issue certificated notes to each person that DTC identifies as the beneficial owner of the notes represented by the global notes upon surrender by DTC of the global notes if:

- DTC notifies us that it is no longer willing or able to act as a depository for the global notes or ceases to be a clearing agency registered under the Exchange Act, and we have not appointed a successor depository within 90 days of that notice or becoming aware that DTC is no longer so registered;
- an event of default has occurred and is continuing, and DTC requests the issuance of certificated notes; or
- we determine not to have the notes represented by global notes.

Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the related notes. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration, delivery and principal amount of the certificated notes to be issued.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

General

The following is a summary of the material U.S. Federal income tax consequences of the ownership and disposition of the notes. It is not a complete analysis of all the potential tax considerations relating to the notes. This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), the Treasury regulations promulgated under the Code, and currently effective administrative rulings and judicial decisions, all relating to the U.S. Federal income tax treatment of debt instruments. These authorities may change, perhaps with retroactive effect, so as to result in U.S. Federal income tax consequences different from those set forth below.

Unless otherwise stated, this summary addresses only notes held as capital assets for U.S. Federal income tax purposes by persons who purchase the notes for cash pursuant to this offering at the initial offering price set forth on the cover page of this prospectus supplement. This summary does not address the tax considerations arising under the Medicare contribution tax on net investment income, nor does it address any aspect of the U.S. Federal estate or gift tax rules or the laws of any foreign, state or local jurisdiction. In addition, this discussion does not address all tax considerations that may be applicable to holders’ particular circumstances or to holders that may be subject to special tax rules, such as, for example:

- holders subject to the alternative minimum tax;
- banks, insurance companies or other financial institutions;
- tax-exempt organizations;
- dealers in securities or commodities;
- expatriates;
- traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;
- persons that will hold the notes as a position in a hedging transaction, straddle, conversion transaction or other risk reduction transaction;

- persons deemed to sell the notes under the constructive sale provisions of the Code;
- persons that are members of an “expanded group” within the meaning of Treasury Regulations Section 1.385-1 of which the issuer is also a member; or
- partnerships or other pass-through entities.

If a partnership (or other entity or arrangement treated as a partnership for U.S. Federal income tax purposes) holds the notes, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership that will hold the notes, you should consult your own tax advisor regarding the tax consequences of holding the notes to you.

This summary of material U.S. Federal income tax considerations is for general information only and is not tax advice. You are urged to consult your own tax advisor with respect to the application of U.S. Federal income tax laws to your particular situation as well as any tax consequences arising under the U.S. Federal estate or gift tax rules or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable tax treaty.

S-16

[Table of Contents](#)

U.S. Holders

This section applies to you if you are a “U.S. Holder”. A “U.S. Holder” is a beneficial owner of a note that is, for U.S. Federal income tax purposes:

- a citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. Federal income tax purposes) created or organized in or under the laws of the United States or any political subdivision of the United States; or
- an estate or trust the income of which is subject to U.S. Federal income taxation regardless of its source.

Payments of Interest

Stated interest on the notes will be taxable to you as ordinary income at the time it is paid or accrued in accordance with your method of accounting for U.S. Federal income tax purposes.

Sale, Exchange, Redemption or Other Taxable Disposition of Notes

Upon the sale, exchange, redemption or other taxable disposition of a note, you will recognize taxable gain or loss equal to the difference between the amount realized on such taxable disposition (except to the extent any amount realized is attributable to accrued but unpaid interest, which is treated as interest as described above) and your adjusted tax basis in such note. A U.S. Holder's adjusted tax basis in a note generally will equal the cost of such note to such holder.

Gain or loss recognized on the taxable disposition of a note generally will be capital gain or loss, and will be long-term capital gain or loss if, at the time of such taxable disposition, the U.S. Holder's holding period for such note is more than 12 months. Long-term capital gains of non-corporate U.S. Holders are generally subject to a reduced rate of taxation. The deductibility of capital losses by U.S. Holders is subject to certain limitations.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to certain payments of principal, premium (if any) and interest on and the proceeds of certain sales of the notes unless you are an exempt recipient. Backup withholding (currently at a rate of 28%) will apply to such payments if you fail to provide your taxpayer identification number or certification of exempt status or have been notified by the U.S. Internal Revenue Service ("IRS") that payments to you are subject to backup withholding.

Any amounts withheld under the backup withholding rules will generally be allowed as a refund or a credit against your U.S. Federal income tax liability, provided that you furnish the required information to the IRS on a timely basis.

Non-U.S. Holders

This section applies to you if you are a "Non-U.S. Holder". A "Non-U.S. Holder" is a beneficial owner of a note that is not a U.S. Holder or a partnership for U.S. Federal income tax purposes.

Payments of Interest

Subject to the discussion below regarding backup withholding and FATCA (as defined below), payments of principal and interest on the notes generally will not be subject to U.S. withholding taxes, provided that you meet one of the following requirements:

- The interest income on the notes is not effectively connected with your conduct of a trade or business in the United States and you provide a completed Form W-8BEN or Form

[Table of Contents](#)

acceptable substitute) to the bank, broker or other intermediary through which you hold your notes. The Form W-8BEN or Form W-8BEN-E contains your name, address and a statement that you are the beneficial owner of the notes and that you are a Non-U.S. Holder.

- The interest income on the notes is not effectively connected with your conduct of a trade or business in the United States and you hold your notes directly through a “qualified intermediary”, and the qualified intermediary has sufficient information in its files indicating that you are a Non-U.S. Holder. A qualified intermediary is a bank, broker or other intermediary that (1) is either a U.S. or non-U.S. entity, (2) is acting out of a non-U.S. branch or office and (3) has signed an agreement with the IRS providing that it will administer all or part of the U.S. tax withholding rules under specified procedures.
- You are entitled to an exemption from withholding tax on interest under a tax treaty between the United States and your country of residence. To claim this exemption, you must generally complete Form W-8BEN or Form W-8BEN-E and claim this exemption on the form. In some cases, you may instead be permitted to provide documentary evidence of your claim to the intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files.
- The interest income on the notes is effectively connected with your conduct of a trade or business in the United States (and, if a tax treaty applies, is attributable to a permanent establishment or fixed base), and is not exempt from U.S. Federal income tax under a tax treaty. To claim this exemption, you must complete Form W-8ECI. Such income will instead be taxed as described under “U.S. Trade or Business” below.

Even if you meet one of the above requirements, interest paid to you will be subject to withholding tax (generally, at a 30% rate) under any of the following circumstances:

- The withholding agent or an intermediary knows or has reason to know that you are not entitled to an exemption from withholding tax. Specific rules apply for this test.
- The IRS notifies the withholding agent that information that you or an intermediary provided

concerning your status is false.

- An intermediary through which you hold the notes fails to comply with the procedures necessary to avoid withholding taxes on the notes. In particular, an intermediary is generally required to forward a copy of your Form W-8BEN or Form W-8BEN-E (or other documentary information concerning your status) to the withholding agent for the notes. However, if you hold your notes through a qualified intermediary — or if there is a qualified intermediary in the chain of title between yourself and the withholding agent for the notes — the qualified intermediary will not generally forward this information to the withholding agent.
- You own 10% or more of the voting stock of Time Warner, are a “controlled foreign corporation” with respect to Time Warner, or are a bank making a loan in the ordinary course of its business. In these cases, you will be exempt from withholding taxes only if you are eligible for a treaty exemption or if the interest income is effectively connected with your conduct of a trade or business in the United States (and, if a tax treaty applies, is attributable to a permanent establishment or fixed base), as discussed above.

Interest payments made to you will generally be reported to the IRS and to you on Form 1042-S. However, this reporting does not apply to you if you hold your notes directly through a qualified intermediary and the applicable procedures are complied with.

The rules regarding withholding are complex and vary depending on your individual situation. They are also subject to change. We suggest that you consult with your own tax advisor regarding the application of these specific rules.

[Table of Contents](#)

Sale, Exchange, Redemption or Other Taxable Disposition of Notes

Subject to the discussion below regarding backup withholding and FATCA, upon the sale, exchange, redemption or other taxable disposition of a note, you will not be subject to U.S. Federal income tax on any gain unless one of the following circumstances applies:

- The gain is connected with a trade or business that you conduct in the United States (and, if a tax treaty applies, is attributable to a permanent establishment or fixed base). Such income will instead be taxed as described under “U.S. Trade or Business” below.

- You are an individual, you are present in the United States for at least 183 days during the year in which you dispose of the notes, and certain other conditions are satisfied. If the foregoing conditions apply, you will be subject to U.S. Federal income tax at a rate of 30% (or lower applicable treaty rate) on any capital gain, which may be offset by certain capital losses.
- The gain represents accrued but unpaid interest not previously included in income, in which case the rules for interest would apply.

U.S. Trade or Business

If you hold your notes in connection with a trade or business that you are conducting in the United States (and, if a tax treaty applies, income or gain with respect to the notes is attributable to a permanent establishment or fixed base):

- Any interest on the notes, and any gain from the sale, exchange, redemption or other taxable disposition of the notes, generally will be subject to U.S. Federal income tax at regular graduated rates as if you were a U.S. Holder.
- If you are a corporation, you may be subject to the “branch profits tax” on your earnings from the notes. The rate of this tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

Information Reporting and Backup Withholding

U.S. rules concerning information reporting and backup withholding (currently at a rate of 28%) apply to Non-U.S. Holders as follows:

- Principal and interest payments you receive will be automatically exempt from the usual rules if you are a Non-U.S. Holder exempt from withholding tax on interest, as described above. The exemption does not apply if the withholding agent or an intermediary knows or has reason to know that you should be subject to the usual information reporting or backup withholding rules. In addition, as described above, interest payments made to you may be reported to the IRS on Form 1042-S.
- Sale proceeds you receive on a sale of your notes through a broker may be subject to information reporting and/or backup withholding if you are not eligible for an exemption. In particular, information reporting and backup withholding may apply if you use the U.S. office of a broker, and information reporting (but not backup withholding) may apply if you use the foreign office of a broker that has certain connections to the United States. In general, you may file Form W-8BEN or Form W-8BEN-E to claim an exemption from information reporting and

backup withholding. We suggest that you consult your own tax advisor concerning information reporting and backup withholding on a sale.

Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against your U.S. Federal income tax liability, provided that you furnish the required information to the IRS on a timely basis.

FATCA

Under sections 1471 through 1474 of the Code and the regulations promulgated thereunder (such sections and regulations commonly referred to as “FATCA”), a 30% U.S. Federal withholding tax may apply to any

S-19

[Table of Contents](#)

interest income paid on the notes and, for a disposition of notes occurring after December 31, 2018, the gross proceeds from such disposition, in each case paid to (i) a “foreign financial institution” (as specifically defined under FATCA) that does not provide sufficient documentation, typically on Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) its compliance (or deemed compliance) with FATCA (which alternatively may be in the form of compliance with an intergovernmental agreement with the United States) in a manner that avoids withholding, or (ii) a “non-financial foreign entity” (as specifically defined under FATCA) that does not provide sufficient documentation, typically on Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) adequate information regarding the “substantial United States owners” of such entity (if any). If an interest payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under “— Payments of Interest” or “— Sale, Exchange, Redemption or Other Taxable Disposition of Notes,” the withholding under FATCA may be credited against, and therefore reduce, such other withholding tax. If you are a foreign financial entity or a non-financial foreign entity in a jurisdiction that has entered into an intergovernmental agreement with the United States, you may be subject to different rules. You should consult your own tax advisor regarding these rules and whether they may be relevant to your ownership and disposition of the notes.

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and other conditions. The underwriters are obligated to purchase all the notes if they purchase any of the notes. The

underwriters initially propose to offer the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and may offer the notes to dealers at the public offering price less a concession not to exceed 0.250% of the principal amount of the notes. The underwriters may allow, and dealers may reallocate, a concession not to exceed 0.150% of the principal amount of the notes on sales to other dealers. After the initial offering of the notes to the public, the representatives may change the public offering price and concessions.

We are to pay 0.450% per note of underwriting discount to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

In connection with the offering of the notes, the underwriters (or persons acting on their behalf) may over-allot the notes or effect transactions with a view to supporting the market price of the notes during the stabilization period at a level higher than that which might otherwise prevail. However, stabilization action may not necessarily occur. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant notes is made and, if begun, may be ended at any time, but it

S-21

[Table of Contents](#)

must end no later than 30 days after the date on which the Company received the proceeds of the issue, or no later than 60 days after the date of allotment of the relevant notes, whichever is the earlier.

Specifically, the underwriters may over-allot in connection with the offering of the notes, creating a syndicate short position. In addition, the underwriters may bid for, and purchase, notes in the open market to cover syndicate short positions or to stabilize the price of the notes. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the notes in the offering of the notes, if the syndicate repurchases previously distributed notes in syndicate covering transactions, stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. The underwriters are not required to engage in any of these activities, and may end any of them at any time.

We estimate that our total expenses for this offering, excluding the underwriting discount, will be approximately \$1 million. We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

The underwriters and their affiliates have, directly and indirectly, provided various investment and commercial banking services to us and our affiliates for which they received customary fees and

commissions. The underwriters and their affiliates may, from time to time, engage in transactions with and perform services for us and our affiliates in the ordinary course of their business. Citigroup Global Markets Inc. is acting as a dealer manager in connection with the Tender Offers and has acted as our financial advisor in connection with the Merger. Please see “Summary — Recent Developments.”

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

It is expected that delivery of the notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the seventh business day following the date of pricing of the notes (this settlement cycle being referred to as “T+7”). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of pricing or the next three succeeding business days will be required, by virtue of the fact that the notes initially will settle in T+7, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement.

Offering Restrictions

Canada. The notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the underwriters are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

European Economic Area. In relation to each Member State of the European Economic Area, each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive was implemented in that Member State (the "Relevant Implementation Date") it has not made and will not make an offer of notes which are the subject of the offering contemplated in this prospectus supplement and the accompanying prospectus to the public in that Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such notes to the public in that Member State:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant underwriter(s) nominated by the Company for any such offer; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of notes shall require the Company or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of notes in any Member State of the European Economic Area will be made pursuant to an exemption under the Prospectus Directive from the requirement to produce a prospectus for offers of notes. Accordingly, any person making or intending to make an offer in that Member State of notes that are the subject of the offering contemplated in this prospectus supplement and the accompanying prospectus may only do so in circumstances in which no obligation arises for the Company or any of

the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Company nor the underwriters have authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for the Company or the underwriters to publish or supplement a prospectus for such offer. Neither the Company nor the underwriters have authorized, nor do they authorize, the making of any offer of notes through any financial intermediary, other than offers made by the underwriters, which constitute the final placement of the notes contemplated in this prospectus supplement and the accompanying prospectus.

For the purposes of this provision, the expression an “offer of notes to the public” in relation to any notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Relevant Member State, the expression “Prospectus Directive” means Directive 2003/71/EC (as amended) and includes any relevant implementing measure in the Member State concerned.

RATIO OF EARNINGS TO FIXED CHARGES

The ratio of earnings to fixed charges for Time Warner is set forth below for the periods indicated. Because there are no shares of preferred stock outstanding as of the date of this prospectus, no ratio of earnings to fixed charges and preferred dividends is presented.

For purposes of computing the ratio of earnings to fixed charges,

(a) earnings were calculated by

(1) adding:

(i) pretax income (loss) from continuing operations,

5

[Table of Contents](#)

(ii) adjustments for equity earnings or losses of investee companies that are 50% or less owned on a voting basis, net of cash distributions, and

(iii) fixed charges,

(2) and subtracting:

(i) capitalized interest,

(b) fixed charges consist of interest expense, capitalized interest and portions of rents representative of an interest factor from both continuing and discontinued operations.

The ratio of earnings to fixed charges is earnings (as defined in (a) above) divided by fixed charges (as defined in (b) above).

USE OF PROCEEDS

We will use the net proceeds we receive from the sale of the securities offered by this prospectus for general corporate purposes, unless we specify otherwise in the applicable prospectus supplement.

General corporate purposes may include additions to working capital, capital expenditures, repayment of debt, the financing of possible acquisitions and investments or stock repurchases.

DESCRIPTION OF THE DEBT SECURITIES AND THE GUARANTEES

General

The following description of the terms of the debt securities sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of any debt securities and the extent, if any, to which such general provisions will not apply to such debt securities will be described in the prospectus supplement relating to such debt securities.

The debt securities will be issued from time to time in series under the Indenture, dated as of March 11, 2010 (the “Indenture”), among Time Warner, Historic TW, HBO, TBS and The Bank of New York Mellon, as Trustee. The statements set forth below are brief summaries of certain provisions contained in the Indenture, which summaries do not purport to be complete and are qualified in their entirety by reference to the Indenture, which is filed as an exhibit to the registration statement of which this prospectus is a part. Terms used herein that are otherwise not defined shall have the meanings given to them in the Indenture. Such defined terms shall be incorporated herein by reference.

The Indenture does not limit the amount of debt securities which may be issued thereunder and debt securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by us. Any such limit applicable to a particular series will be specified in the prospectus supplement relating to that series.

[Table of Contents](#)

The applicable prospectus supplement will disclose the terms of each series of debt securities in respect of which such prospectus supplement is being delivered, including the following:

- the designation, issue date, currency or currency unit of payment if other than U.S. dollars and authorized denominations of such debt securities, if other than U.S. \$1,000 and integral multiples thereof;
- the aggregate principal amount offered and any limit on any future issues of additional debt of the same series;

- the date or dates on which such debt securities will mature (which may be fixed or extendible);
- the rate or rates (or manner of calculation thereof), if any, per annum at which such debt securities will bear interest;
- the dates, if any, on which such interest will be payable;
- the terms of any mandatory or optional redemption (including any sinking, purchase or analogous fund) and any purchase at the option of Holders (including whether any such purchase may be paid in cash, common stock or other securities or property);
- the terms of any mandatory or optional conversion or exchange provisions;
- whether such debt securities will be issued in the form of global securities and, if so, the identity of the depository with respect to such global securities; and
- any other specific terms.

We may issue debt securities of any series at various times and we may reopen any series for further issuances from time to time without notice to existing Holders of securities of that series.

Some of the debt securities may be issued as original issue discount debt securities. Original issue discount debt securities bear no interest or bear interest at below-market rates. These are sold at a discount below their stated principal amount. If we issue these securities, the prospectus supplement will describe any special tax, accounting or other information that we think is important. We encourage you to consult with your own tax and financial advisors on these important matters.

Unless we specify otherwise in the applicable prospectus supplement, the covenants contained in the Indenture do not provide special protection to Holders of debt securities if we enter into a highly leveraged transaction, recapitalization or restructuring.

Unless otherwise set forth in the prospectus supplement, interest on outstanding debt securities will be paid to Holders of record on the date that is 15 days prior to the date such interest is to be paid, or, if not a business day, the next preceding business day. Unless otherwise specified in the prospectus supplement, debt securities will be issued in fully registered form only. Unless otherwise specified in the prospectus supplement, the principal amount of the debt securities will be payable at the corporate trust office of the Trustee in New York, New York. The debt securities may be presented for transfer or exchange at such office unless otherwise specified in the prospectus supplement, subject to the limitations provided in the Indenture, without any service charge, but we may require payment of a sum sufficient to cover any tax or other governmental charges payable in connection therewith.

Guarantees

Under the Guarantee (as defined below) of Historic TW, Historic TW, as primary obligor and not merely as surety, will fully, irrevocably and unconditionally guarantee to each Holder of debt securities and to the Trustee and its successors and assigns (1) the full and punctual payment of principal of and interest on the debt securities when due, whether at maturity, by acceleration, by redemption or otherwise, and all other monetary obligations

[Table of Contents](#)

of ours under the Indenture (including obligations to the Trustee) and the debt securities and (2) the full and punctual performance within applicable grace periods of all other obligations of ours under the Indenture and the debt securities. Such Guarantee will constitute a guarantee of payment, performance and compliance and not merely of collection. The obligations of Historic TW under the Indenture will be unconditional irrespective of the absence or existence of any action to enforce the same, the recovery of any judgment against us or any other Guarantor (except to the extent such judgment is paid) or any waiver or amendment of the provisions of the Indenture or the debt securities to the extent that any such action or similar action would otherwise constitute a legal or equitable discharge or defense of a guarantor (except that any such waiver or amendment that expressly purports to modify or release such obligations shall be effective in accordance with its terms). The obligations of Historic TW to make any payments may be satisfied by causing us or any other Person to make such payments. Historic TW shall further agree to waive presentment to, demand of payment from and protest to us or any other Person and shall also waive diligence, notice of acceptance of its Guarantee, presentment, demand for payment, notice of protest for non-payment, filing a claim if we or any other Person complete a merger or declare bankruptcy and any right to require a proceeding first against us or any other Person. These obligations shall be unaffected by any failure or policy of the Trustee to exercise any right under the Indenture or under any series of security. If any Holder of any debt security or the Trustee is required by a court or otherwise to return to us or Historic TW, or any custodian, trustee, liquidator or other similar official acting in relation to us or Historic TW, any amount paid by us or any of them to the Trustee or such Holder, the Guarantee of Historic TW, to the extent theretofore discharged, shall be reinstated in full force and effect.

Further, Historic TW agrees to pay any and all reasonable costs and expenses (including reasonable attorneys' fees) incurred by the Trustee or any Holder of debt securities in enforcing any of their respective rights under the Guarantee. The Indenture provides that the Guarantee of Historic TW is limited to the maximum amount that can be guaranteed by Historic TW without rendering its

Guarantee voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

Additionally, HBO and TBS will fully, irrevocably and unconditionally guarantee Historic TW's Guarantee of the debt securities under substantially the same terms as the Guarantee of Historic TW of our indebtedness (the guarantees of the Guarantors each being a "Guarantee" and, collectively, the "Guarantees").

The Indenture provides that any Guarantor shall be automatically released from its obligations under its Guarantee upon receipt by the Trustee of a certificate of a Responsible Officer of Time Warner certifying that such Guarantor has no outstanding Indebtedness For Borrowed Money, as of the date of such certificate, other than any other guarantee of Indebtedness For Borrowed Money that will be released concurrently with the release of such Guarantee. However, there is no covenant in the Indenture that would prohibit any such Guarantor from incurring Indebtedness For Borrowed Money after the date such Guarantor is released from its Guarantee.

The Indenture further provides that we and the Trustee may enter into a supplemental indenture without consent of the Holders to add additional guarantors in respect of the debt securities.

Ranking

The debt securities will be unsecured and senior obligations of Time Warner, and will rank equally with other unsecured and unsubordinated obligations of Time Warner. The Guarantees of the debt securities will be unsecured and senior obligations of Historic TW, HBO and TBS, as applicable, and will rank equally with all other unsecured and unsubordinated obligations of Historic TW, HBO and TBS, respectively. Each of Time Warner, Historic TW, HBO and TBS is a holding company for other non-guarantor subsidiaries, and therefore the debt securities and the Guarantees will be effectively subordinated to all existing and future liabilities, including indebtedness, of such non-guarantor subsidiaries. Such non-guarantor subsidiaries include Warner Bros. Entertainment Inc. Furthermore, the ability of each of Time Warner and Historic TW and, to a certain extent, HBO and TBS to service its indebtedness and other obligations is dependent upon the earnings and cash flow of their respective subsidiaries and the distribution or other payment to them of such earnings or cash flow.

[Table of Contents](#)

Certain Covenants

We and Historic TW, HBO and TBS have agreed to certain restrictions on our activities for the benefit of the Holders. The restrictive covenants summarized below will apply, unless the covenants are waived or amended, so long as any of the debt securities issued under the Indenture are outstanding, unless the prospectus supplement states otherwise. The Indenture does not restrict us or our subsidiaries from paying dividends or incurring additional debt. In addition, except as summarized below, the Indenture and the debt securities do not contain any covenants or other provisions designed to afford Holders of debt securities protection in the event of a recapitalization or highly leveraged transaction involving our company.

Any additional restrictive covenants of Time Warner, Historic TW, HBO or TBS pertaining to a series of debt securities will be set forth in a prospectus supplement relating to such series of debt securities.

Limitation on Liens. The Indenture provides that neither we nor any Material Subsidiary of ours shall incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness For Borrowed Money that is secured by a lien on any asset now owned or hereafter acquired by us or it unless we make or cause to be made effective provisions whereby the debt securities will be secured by such lien equally and ratably with (or prior to) all other indebtedness thereby secured so long as any such indebtedness shall be secured. The foregoing restriction does not apply to the following:

- liens existing as of the date of the Indenture;
- liens created by Subsidiaries of ours to secure indebtedness of such Subsidiaries to us or to one or more other Subsidiaries of ours;
- liens affecting property of a Person existing at the time it becomes a Subsidiary of ours or at the time it merges into or consolidates with us or a Subsidiary of ours or at the time of a sale, lease or other disposition of all or substantially all of the properties of such Person to us or our Subsidiaries;
- liens on property existing at the time of the acquisition thereof or incurred to secure payment of all or a part of the purchase price thereof or to secure indebtedness incurred prior to, at the time of, or within 18 months after the acquisition thereof for the purpose of financing all or part of the purchase price thereof, in a principal amount not exceeding 110% of the purchase price;
- liens on any property to secure all or part of the cost of improvements or construction thereon or indebtedness incurred to provide funds for such purpose in a principal amount not exceeding 110% of the cost of such improvements or construction;

- liens consisting of or relating to the sale, transfer, distribution, or financing of motion pictures, video and television programs, sound recordings, books or rights with respect thereto or with groups who may receive tax benefits or other third-party investors in connection with the financing and/or distribution of such motion pictures, video and television programming, sound recordings or books in the ordinary course of business and the granting to us or any of our Subsidiaries of rights to distribute such motion pictures, video and television programming, sound recordings or books; *provided, however*, that no such lien shall attach to any asset or right of ours or our Subsidiaries (other than (1) the motion pictures, video and television programming, sound recordings, books or rights which were sold, transferred to or financed by groups who may receive tax benefits or third-party investors in question or the proceeds arising therefrom and (2) the stock or equity interests of a Subsidiary substantially all of the assets of which consist of such motion pictures, video and television programming, sound recordings, books or rights and related proceeds);
- liens on shares of stock, indebtedness or other securities of a Person that is not a Subsidiary of ours;
- liens on Works which either (1) existed on such Works before the time of their acquisition and were not created in anticipation thereof, or (2) were created solely for the purpose of securing obligations to financiers, producers, distributors, exhibitors, completion guarantors, inventors, copyright holders,

financial institutions or other participants incurred in the ordinary course of business in connection with the acquisition, financing, production, completion, distribution or exhibition of Works;

- any lien on the office building and hotel complex located in Atlanta, Georgia known as the CNN Center Complex, including the parking decks for such complex (to the extent such parking decks are owned or leased by us or our Subsidiaries), or any portion thereof and all property rights therein and the products, revenues and proceeds therefrom created as part of any mortgage financing or sale-leaseback of the CNN Center Complex;
- liens on satellite transponders and all property rights therein and the products, revenues and

proceeds therefrom which secure obligations incurred in connection with the acquisition, utilization or operation of such satellite transponders or the refinancing of any such obligations;

- liens on capital leases entered into after the date of the Indenture; *provided* that such liens extend only to the property or assets that are the subject of such capital leases;
- liens resulting from progress payments or partial payments under United States government contracts or subcontracts;
- any extension, renewal or replacement of any lien referred to in the foregoing clauses or of any indebtedness secured thereby; *provided, however*, that the principal amount of indebtedness secured thereby shall not exceed the principal amount of indebtedness so secured at the time of such extension, renewal or replacement, or at the time the lien was issued, created or assumed or otherwise permitted, and that such extension, renewal or replacement lien shall be limited to all or part of substantially the same property which secured the lien extended, renewed or replaced (plus improvements on such property); and
- other liens arising in connection with our indebtedness and our Subsidiaries' indebtedness in an aggregate principal amount for us and our Subsidiaries not exceeding at the time such lien is issued, created or assumed the greater of (A) 15% of the Consolidated Net Worth of our company and (B) \$500 million.

Limitation on Consolidation, Merger, Conveyance or Transfer on Certain Terms. None of Time Warner, Historic TW, HBO or TBS shall consolidate with or merge into any other Person or convey or transfer its properties and assets substantially as an entirety to any Person, unless:

- (1) (a) in the case of Time Warner, the Person formed by such consolidation or into which Time Warner is merged or the Person which acquires by conveyance or transfer the properties and assets of Time Warner substantially as an entirety shall be organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and shall expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, the due and punctual payment of the principal of (and premium, if any) and interest on all the debt securities and the performance of every covenant of the Indenture (as supplemented from time to time) on the part of Time Warner to be performed or observed; or (b) in the case of Historic TW, HBO or TBS, the Person formed by such consolidation or into which Historic TW, HBO or TBS is merged or the Person which acquires by conveyance or transfer the properties and assets of Historic TW, HBO or TBS substantially as an entirety shall be either (i) one of Time Warner, Historic TW, HBO or TBS or (ii) a Person organized and

existing under the laws of the United States of America or any State thereof or the District of Columbia, and in the case of clause (ii), shall expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, the performance of every covenant of the Indenture (as supplemented from time to time) on the part of Historic TW, HBO or TBS to be performed or observed;

(2) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time, or both, would become an Event of Default, shall have happened and be continuing; and

[Table of Contents](#)

(3) we have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel each stating that such consolidation, merger, conveyance or transfer and such supplemental indenture comply with this covenant and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

Upon any consolidation or merger, or any conveyance or transfer of the properties and assets of Time Warner, Historic TW, HBO or TBS substantially as an entirety as set forth above, the successor Person formed by such consolidation or into which Time Warner, Historic TW, HBO or TBS is merged or to which such conveyance or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of Time Warner, Historic TW, HBO or TBS, as the case may be, under the Indenture with the same effect as if such successor had been named as Time Warner, Historic TW, HBO or TBS, as the case may be, in the Indenture. In the event of any such conveyance or transfer, Time Warner, Historic TW, HBO or TBS, as the case may be, as the predecessor shall be discharged from all obligations and covenants under the Indenture and the debt securities and may be dissolved, wound up or liquidated at any time thereafter.

Notwithstanding the foregoing, such provisions with respect to limitations on consolidation, merger, conveyance or transfer on certain terms shall not apply to any Guarantor if at such time such Guarantor has been released from its obligations under its Guarantee upon receipt by the Trustee of a certificate of a Responsible Officer of Time Warner certifying that such Guarantor has no outstanding Indebtedness For Borrowed Money as described above under "Description of the Debt Securities and the Guarantees — Guarantees."

The following are certain of the terms defined in the Indenture:

The Indebtedness For Borrowed Money of any Person shall include the Indebtedness For Borrowed Money of any other entity (including any partnership in which such Person is general partner) to the extent such Person is liable therefor as a result of such Person’s ownership interest in or other contractual relationship with such entity, except to the extent the terms of such Indebtedness For Borrowed Money provide that such Person is not liable therefor.

“*Material Subsidiary*” means any Person that is a Subsidiary if, at the end of the most recent fiscal quarter of our company, the aggregate amount, determined in accordance with GAAP consistently applied, of securities of, loans and advances to, and other investments in, such Person held by us and our other Subsidiaries exceeded 10% of our company’s Consolidated Net Worth.

“*Person*” means any individual, corporation, limited liability company, partnership, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

“*Works*” means motion pictures, video, television, interactive or multi-media programming, audio-visual works, sound recordings, books and other literary or written material, any software, copyright or other intellectual property related thereto, acquired directly or indirectly after the date of the Indenture by purchase, business combination, production, creation or otherwise, any component of the foregoing or rights with respect thereto, and all improvements thereon, products and proceeds thereof and revenues derived therefrom.

Optional Redemption

Unless we specify otherwise in the applicable prospectus supplement, we may redeem the debt securities at any time and from time to time, as a whole or in part, at our option, on at least 15 days, but not more than 45 days, prior notice mailed to the registered address of each Holder of the debt securities to be redeemed, at respective redemption prices equal to the greater of:

- 100% of the principal amount of the debt securities to be redeemed, and
- the sum of the present values of the Remaining Scheduled Payments, as defined below, discounted to the redemption date, on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, as defined below, plus the number, if any, of basis points specified in the applicable prospectus supplement;

plus, in each case, accrued interest to the date of redemption that has not been paid (such redemption price, the “Redemption Price”).

“*Comparable Treasury Issue*” means, with respect to the debt securities, the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term (“Remaining Life”) of the debt securities being redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Remaining Life of such debt securities.

“*Comparable Treasury Price*” means, with respect to any redemption date for the debt securities: (1) the average of four Reference Treasury Dealer Quotations for that redemption date, after excluding

the highest and lowest of such Reference Treasury Dealer Quotations; or (2) if the Trustee obtains fewer than four Reference Treasury Dealer Quotations, the average of all quotations obtained by the Trustee.

“*Independent Investment Banker*” means one of the Reference Treasury Dealers, to be appointed by us.

“*Reference Treasury Dealer*” means a primary U.S. Government securities dealer.

“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable

[Table of Contents](#)

Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 3:00 p.m., New York City time, on the third business day preceding such redemption date.

“*Remaining Scheduled Payments*” means, with respect to each security to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; *provided, however*, that, if such redemption date is not an interest payment date with respect to such security, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to, but not including, such redemption date.

“*Treasury Rate*” means, with respect to any redemption date for the debt securities: (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15(519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury debt securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue; *provided* that if no maturity is within three months before or after the maturity date for the debt securities, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight line basis, rounding to the nearest month; or (2) if that release, or any successor release, is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury

Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date. The Treasury Rate will be calculated on the third business day preceding the redemption date.

On and after the redemption date, interest will cease to accrue on the debt securities or any portion thereof called for redemption, unless we default in the payment of the Redemption Price and accrued interest. On or before the redemption date, we shall deposit with a paying agent, or the Trustee, money sufficient to pay the Redemption Price of and accrued interest on the debt securities to be redeemed on such date. If we elect to redeem less than all of the debt securities of a series, then the Trustee will select the particular debt securities of such series to be redeemed in a manner it deems appropriate and fair.

Defeasance

The Indenture provides that we (and, to the extent applicable, Historic TW, HBO and TBS), at our option,

(a) will be Discharged from any and all obligations in respect of any series of debt securities (except in each case for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold moneys for payment in trust), or

(b) need not comply with the covenants described above under “Description of the Debt Securities and the Guarantees — Certain Covenants” and any other restrictive covenants described in a prospectus supplement relating to such series of debt securities, the Guarantors will be released from the Guarantees and certain Events of Default (other than those arising out of the failure to pay interest or principal on the debt securities of a particular series and certain events of bankruptcy, insolvency and reorganization) will no longer constitute Events of Default with respect to such series of debt securities,

in each case if we deposit with the Trustee, in trust, money or the equivalent in securities of the government which issued the currency in which the debt securities are denominated or government agencies backed by the full faith and credit of such government, or a combination thereof, which through the payment of interest thereon and principal thereof in accordance with their terms will provide money in an amount sufficient to pay all the principal (including any mandatory sinking fund payments) of and premiums and interest on, and any repurchase

or redemption obligations with respect to, the outstanding debt securities of such series on the dates such payments are due in accordance with the terms of such series.

To exercise any such option, we are required, among other things, to deliver to the Trustee an opinion of counsel to the effect that (i) the deposit and related defeasance would not cause the Holders of such series to recognize income, gain or loss for Federal income tax purposes and, in the case of a Discharge pursuant to clause (a), accompanied by a ruling to such effect received from or published by the United States Internal Revenue Service and (ii) the creation of the defeasance trust will not violate the Investment Company Act of 1940, as amended.

In addition, we are required to deliver to the Trustee an Officers' Certificate stating that such deposit was not made by us with the intent of preferring the Holders over other creditors of ours or with the intent of defeating, hindering, delaying or defrauding creditors of our company or others.

Events of Default, Notice and Waiver

The Indenture provides that, if an Event of Default specified therein with respect to any series of debt securities issued thereunder shall have happened and be continuing, either the Trustee thereunder or the Holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series (or 25% in aggregate principal amount of all outstanding debt securities under the Indenture, in the case of certain Events of Default affecting all series of debt securities under the Indenture) may declare the principal of all the debt securities of such series to be due and payable.

Events of Default in respect of any series are defined in the Indenture as being:

- default for 30 days in payment of any interest installment with respect to such series;
- default in payment of principal of, or premium, if any, on, or any sinking fund or analogous obligation with respect to, debt securities of such series when due at their stated maturity, by declaration or acceleration, when called for redemption or otherwise;
- default for 90 days after written notice to us (or Historic TW, HBO or TBS, if applicable) by the Trustee thereunder or by Holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series in the performance of any covenant pertaining to debt securities of such series;
- certain events of bankruptcy, insolvency and reorganization with respect to us or any Material Subsidiary thereof which is organized under the laws of the United States or any political subdivision thereof or the entry of an order ordering the winding up or liquidation of our affairs; and

- any Guarantee ceasing to be, or asserted by any Guarantor as not being, in full force and effect, enforceable according to its terms, except to the extent contemplated by the Indenture and any such Guarantee.

Any additions, deletions or other changes to the Events of Default which will be applicable to a series of debt securities will be described in the prospectus supplement relating to such series of debt securities.

The Indenture provides that the Trustee will, within 90 days after the occurrence of a default with respect to the debt securities of any series, give to the Holders of the debt securities of such series notice of all uncured and unwaived defaults known to it; *provided, however*, that, except in the case of default in the payment of principal of, premium, if any, or interest, if any, on any of the debt securities of such series, or in the payment of any sinking or purchase fund installment or analogous obligation with respect to debt securities of such series, the Trustee thereunder will be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of the Holders of the debt securities of such series. The term “default” for the purpose of this provision means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to debt securities of such series.

[Table of Contents](#)

The Indenture contains provisions entitling the Trustee, subject to the duty of the Trustee during an Event of Default to act with the required standard of care, to be indemnified to its reasonable satisfaction by the Holders of the debt securities before proceeding to exercise any right or power under the Indenture at the request of Holders of the debt securities.

The Indenture provides that the Holders of a majority in aggregate principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting proceedings for remedies available to the Trustee or exercising any trust or power conferred on the Trustee in respect of such series, subject to certain conditions set forth in the Indenture.

In certain cases, the Holders of not less than a majority in principal amount of the outstanding debt securities of any series may waive, on behalf of the Holders of all debt securities of such series, any past default or Event of Default with respect to the debt securities of such series except, among other things, a default not theretofore cured in payment of the principal of, or premium, if any, or

interest, if any, on any of the debt securities of such series or payment of any sinking or purchase fund or analogous obligations with respect to such debt securities.

The Indenture includes a covenant that we will file annually with the Trustee a certificate of no default or specifying any default that exists.

Modification of the Indenture

We and the Trustee may, without the consent of the Holders of the debt securities, enter into indentures supplemental to the Indenture for, among others, one or more of the following purposes:

(1) to evidence the succession of another Person to Time Warner, Historic TW, HBO or TBS and the assumption by such successor of Time Warner's, Historic TW's, HBO's or TBS's obligations under the Indenture and the debt securities of any series or the Guarantees relating thereto;

(2) to add to the covenants of Time Warner, Historic TW, HBO or TBS, or to surrender any rights or powers of Time Warner, Historic TW, HBO or TBS, for the benefit of the Holders of debt securities of any or all series;

(3) to cure any ambiguity or correct any inconsistency in the Indenture or to make any other provisions with respect to matters or questions arising under the Indenture;

(4) to add to the Indenture any provisions that may be expressly permitted by the Trust Indenture Act of 1939, as amended, or the "Act," excluding the provisions referred to in Section 316(a)(2) of the Act as in effect at the date as of which this instrument was executed or any corresponding provision in any similar federal statute hereafter enacted;

(5) to establish the form or terms of any series of debt securities, to provide for the issuance of any series of debt securities and/or to add to the rights of the Holders of debt securities;

(6) to evidence and provide for the acceptance of appointment of any successor Trustee with respect to one or more series of debt securities or to add or change any of the provisions of the Indenture as shall be necessary to facilitate the administration of the trusts thereunder by one or more trustees in accordance with the Indenture;

(7) to add any additional Events of Default;

(8) to provide for uncertificated securities in addition to or in place of certificated securities; provided that the uncertificated securities are issued in registered form for certain Federal tax purposes;

(9) to provide for the terms and conditions of converting those debt securities that are convertible into common stock or another such similar security;

[Table of Contents](#)

(10) to secure any series of debt securities pursuant to the Indenture's limitation on liens or otherwise;

(11) to add additional guarantors in respect of the debt securities; and

(12) to make any change necessary to comply with any requirement of the SEC in connection with the qualification of the Indenture or any supplemental indenture under the Act.

No supplemental indenture for the purpose identified in clauses (2), (3), (5) or (7) above may be entered into if to do so would adversely affect the rights of the Holders of debt securities of any series in any material respect.

The Indenture contains provisions permitting us and the Trustee, with the consent of the Holders of not less than a majority in principal amount of the outstanding debt securities of all series to be affected voting as a single class, to execute supplemental indentures for the purpose of adding any provisions to or changing or eliminating any of the provisions of the Indenture or modifying the rights of the Holders of the debt securities of such series to be affected, except that no such supplemental indenture may, without the consent of the Holders of each outstanding and affected debt security, among other things:

(1) change the maturity of the principal of, or the stated maturity of any premium on, or any installment of interest on, any debt security, or reduce the principal amount thereof or the interest or any premium thereon, or change the method of computing the amount of principal thereof or interest thereon on any date or change any place of payment where, or the coin or currency in which, any debt security or any premium or interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the maturity (or, in the case of redemption or repayment, on or after the date of redemption or repayment, as the case may be), or alter the provisions of the Indenture so as to affect adversely the terms, if any, of conversion of any debt securities into common stock or other securities;

(2) reduce the percentage in principal amount of any outstanding debt securities of any series, the consent of whose Holders is required for any such supplemental indenture or the consent of whose Holders is required for any waiver of compliance with certain provisions of the Indenture or certain defaults thereunder, provided for in the Indenture;

(3) modify certain provisions of the Indenture with respect to amendments, waivers of past defaults or waivers of certain covenants, except to increase the percentage in principal amount of

any outstanding debt securities of any series applicable to such provision or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the Holder of each debt security affected thereby;

(4) impair or adversely affect the right of a Holder to institute suit for the enforcement of any payment on, or with respect to, the debt securities of any series on or after the stated maturity of such series; or

(5) amend or modify the provisions of the Indenture governing the Guarantees in a manner adverse to the rights of the Holders of any debt securities of any series.

The Trustee

The Bank of New York Mellon is the Trustee under the Indenture. The Trustee is a depository for funds and performs other services for, and transacts other banking business with, us in the normal course of business.

Governing Law

The Indenture is governed by, and construed in accordance with, the laws of the State of New York.

Global Securities

We may issue debt securities through global securities. A global security is a security, typically held by a depository, that represents the beneficial interests of a number of purchasers of the security. If we do issue global securities, the following procedures will apply.

We will deposit global securities with the depository identified in the prospectus supplement. After we issue a global security, the depository will credit on its book-entry registration and transfer system the respective principal amounts of the debt securities represented by the global security to the accounts of persons who have accounts with the depository. These account Holders are known as “participants.” The underwriters or agents participating in the distribution of the debt securities will designate the accounts to be credited. Only a participant or a person who holds an interest through a participant may be the beneficial owner of a global security. Ownership of beneficial interests in the global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository and its participants.

We and the Trustee will treat the depositary or its nominee as the sole owner or Holder of the debt securities represented by a global security. Except as set forth below, owners of beneficial interests in a global security will not be entitled to have the debt securities represented by the global security registered in their names. They also will not receive or be entitled to receive physical delivery of the debt securities in definitive form and will not be considered the owners or Holders of the debt securities.

Principal, any premium and any interest payments on debt securities represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee as the registered owner of the global security. None of us, the Trustee or any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security or the maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

We expect that the depositary, upon receipt of any payments, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the depositary's records. We also expect that payments by participants to owners of beneficial interests in the global security will be governed by standing instructions and customary practices, as is the case with the securities held for the accounts of customers registered in "street names," and will be the responsibility of the participants.

If the depositary is at any time unwilling or unable to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue registered securities in exchange for the global security. In addition, we may at any time in our sole discretion determine not to have any of the debt securities of a series represented by global securities. In that event, we will issue debt securities of that series in definitive form in exchange for the global securities.
